

# FIRE HOSE RACK COVER

## FLUORESCENT COLOR HOSE RACK COVER

The hose rack cover slips over the Semi-Automatic Hose Rack to protect the hose, nozzle & swing rack from the elements and keeps it covered from any dust.

The hose rack is made of UV & Ozone resistant material and has a highly visible fluorescent color with bold Lettering on both sides.

The rack cover is easily removable made with Velcro fasteners.

### Engineering Specifications

HOSE RACK COVER, is made of UV & Ozone resistant material and has a highly visible fluorescent color with bold lettering (English or French) on both sides
