

O'DAY TRAY - OILER & EQUIPMENT TRAY

Item # 3304402
O'DAY Oiler Tray
Weight: 15 lbs.

The problem of the oily mess caused by threading pipe has been solved.

**SITS DIRECTLY BELOW
CARRIAGE ASSEMBLY TO
CATCH OIL WITHOUT SPLATTER**
Brings the oiler up 18" closer to the oiler gun

- UPRIGHT OILER GUN ROD**
Holds oiler gun from the base of the tray.
- MOUNTS TO THREADING MACHINE OR TRI-POD CHAIN VISE**

- MADE OF 14 GAUGE POWDER-COATED STEEL**

Oiler gun now rests closer to the opening of the bucket, reducing the overall mess.

- Huge 30" x 20" Tray**
Easily installs to any tri-pod or tri-stand.
Tripling the capacity of your tool tray below the base.

O'DAY TRAY - OILER & EQUIPMENT TRAY

INSTALLATION:

1. Insert the O'DAY TRAY onto the tri-stand tool tray with the 3 pins facing down.
2. On the under-side of the O'DAY TRAY, Remove COTTER PIN from the rear pin.
3. ALIGN the rear pin in the hole on the rear side of the tool tray. Next, Align Left and Right Pin.
4. Insert the cotter pin into the pin. That should secure the ODAY Oiler tray.
5. For threading machine applications,
Screw the threaded Oiler Gun Rod into the female threaded end
(depending on which side of the threading machine you are standing,
thread into the left or right coupling)

Bottom side of O'Day Tray

Top side of O'Day Tray

Fits All Types of Tri-Pod Stands
